This project is a major renovation of the 39,583 square foot school built in 1964 and 1967. Improvements include replacement/upgrading of mechanical systems, electrical systems, fire sprinkler system, power, lighting, roof, interior finishes, and life safety upgrades along with exterior site improvements. Other planned new construction of 7,526 square feet is removed from the project for this funding. The school has asbestos containing materials in floor tile, mastic, siding and door insulation--abatement work is included as a necessary part of this project. Design was funded in FY03 through debt reimbursement at \$750,000.
