**Estimated Project Dates:** 07/01/2008 - 06/30/2013

**Appropriation:** School District Major Maintenance Grants

**Brief Summary and Statement of Need:**

This project will improve the existing 46,153 square foot school, built between 1980 and 1997. The current 4,320 square foot middle school building, constructed in 1980, will be demolished due to severe foundation uplift and classroom space will be replaced. A new linkage corridor will also be constructed to replace the current non-code compliant covered walkway in order to create a unified K-12 facility. The fire sprinkler system will be expanded to the entire facility, and the mechanical control systems and exterior doors will be upgraded.
