Additional Information / Prior Funding History:

FY2008 - \$100,000; prior to FY2008, this was included in the Capital Budget request for the Governor's Office.

Project Description/Justification:

Aside from the legal requirements, removal of physical barriers will negate the need for temporary program modifications which are currently required of the facilities' occupants. Previously the Governor's Office allocated available funding to the Department of Transportation and Public Facilities (DOT&PF) for state facility Americans with Disabilities Act (ADA) compliance projects based upon DOT&PF's prioritized project list. The requested FY09 funds will allow DOT&PF to continue work from the statewide priority list.

Projects could include ramps for building access, restroom upgrades, automatic doors, etc.
