

Harbor Program Development

FY2009 Request: \$300,000
Reference No: 7091

AP/AL: Appropriation

Project Type: Planning

Category: Transportation

Location: Statewide

Contact: Michael Lukshin

House District: Statewide (HD 1-40)

Contact Phone: (907)465-3979

Estimated Project Dates: 07/01/2008 - 06/30/2013

Brief Summary and Statement of Need:

Participation with the Corps of Engineers and local governments in harbor breakwaters, dredging, feasibility studies, and program assistance. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.

Funding:	FY2009	FY2010	FY2011	FY2012	FY2013	FY2014	Total
G/F Match	\$300,000	\$275,000	\$275,000	\$275,000	\$275,000	\$300,000	\$1,700,000
Total:	\$300,000	\$275,000	\$275,000	\$275,000	\$275,000	\$300,000	\$1,700,000

Additional Information / Prior Funding History:

FY2008 - \$200,000; FY2007 - \$600,000; FY2006 - \$100,000; FY2004 - \$200,000; FY2003 - \$200,000; FY2001 - \$5,977,000; FY2000 - \$8,028,100; FY1999 - \$935,000. This is an annual program to coordinate with the Corps of Engineers and to match planning assistance funds.

Project Description/Justification:

This request would fund on-going coordination with the Corps of Engineers and local governments on Corps of Engineer projects and specific harbor related work not supported by other federal aid programs. Harbor activities to be funded include project evaluations, planning studies, surveys and inspections, statewide harbors directory update, special studies, and special reports. This funding is essential for the department to assure that viable projects and programs are advanced and poor projects and programs either become viable, are deferred or deleted from further consideration. In addition, management of the Municipal Harbor Facility Grant (AS 29.60.800) program has added considerably to the department's workload in terms of evaluation of applicants, grant agreement writing, legal reviews, inspections, and oversight of grant awardees. This request also includes funds to establish tideland surveys at state-owned harbor facilities lacking such surveys. This action will clear up tideland disputes with the Department of Natural Resources and make it easier to transfer state-owned harbors to local communities. The approximate breakout would be:

Corps of Engineers coordination and harbor project formulation	\$200,000
Municipal Harbor Facility Grant management	\$75,000
Update harbors directory and perform tideland surveys	<u>\$25,000</u>
	\$300,000
