Project Description/Justification:

Because the NPR-A revenue received is \$53.5 short of the funding needed to fund all appropriated NPR-A projects, per statute, the lowest ranking grants should be dropped. The impact of this would have been that the City of Nuiqsut would not receive \$50.0 of funding for youth recreation or \$3.5 of the \$285.0 appropriated for local government operations.

To ensure that the City of Nuiqsut received the funding appropriated, the Mayor of the North Slope Borough sent a letter to the Commissioner of Commerce, Community, and Economic Development requesting a reduction from the \$402.0 appropriation for the Arctic Fox Study. This project is a multi-year project and the re-scoping of the project can be handled through the North Slope Borough's normal administrative process.
