Brief Summary and Statement of Need:

This is a new FY09 supplemental request. Funds may be used for design and construction of both exclusive-use and common-use Alaska International Airport System (AIAS) projects. These funds may also be used for debt service payments on airport construction bonds issued by AIAS. The funds allow for timely response to airport development needs and are required by the operating agreement in place between signatory air carriers and DOTPF/AIAS. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.
