Copper Valley Electric Association - Glennallen Diesel Plant Circuit

State Funding Requested: \$500,000**House District: 12 / F**

One-Time Need

Brief Project Description:

Upgrade to new circuit between Glennallen Diesel Plant and the Hub

Funding Plan:**Total Cost of Project: \$500,000***There is no other funding needed***Detailed Project Description and Justification:**

This funding request is the top priority project of CVEA. It would upgrade the circuit between the Glennallen Diesel Plant the Hub.

This circuit is necessary to provide for load growth between Copper Center and Gulkana along the Richardson Highway. This project will provide for future system load growth and will improve electric system reliability in the Copper River Basin.

Costs are estimated design engineering, construction and permitting costs. CVEA would contribute preliminary engineering, design and project management activities to the projects. These are conservatively estimated at 15% of the amount requested.

Project Timeline:

Engineering would begin in 2009, with construction completion in late summer of 2010.

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

Copper Valley Electric Association

Grant Recipient Contact Information:

Name: Robert Wilkinson
 Address: PO Box 45
 Glennallen, AK 99588
 Phone Number: 822-3171
