Wrangell - Waterfront Master Plan

State Funding Requested: \$75,000**House District: 2 / A**

Future Funding May Be Requested

Brief Project Description:

Funding for development of a Waterfront Master Plan for Wrangell in conjunction with the ongoing Downtown Revitalization Program.

Funding Plan:**Total Cost of Project: \$75,000***There is no other funding needed***Detailed Project Description and Justification:**

Funding for development of a Waterfront Master Plan for Wrangell in conjunction with the ongoing Downtown Revitalization Program.

Since the decline of the timber industry in Wrangell, there has been no comprehensive review of the economic development potential for Wrangell. Funding the Waterfront Master Plan for Wrangell would allow for this review, investigate the possibility of relocating shipping and container traffic from the barge yard to the former mill site, and the redevelopment of the downtown waterfront in Wrangell. It is hoped that a Waterfront Master Plan would provide a roadmap for the community over the next several years in order to improve its downtown waterfront, add to the improvements being completed with the Downtown Revitalization Plan, and make the downtown and waterfront areas attractive to residents and visitors alike.

Project Timeline:

Upon receipt of funding, an RFP would be developed for the purpose of entering into a contract for the planning services.
