# Upper Susitna Shooters Association - Range Improvements

**State Funding Requested: \$5,000****House District: Mat-Su Areawide (13-16)**

One-Time Need

**Brief Project Description:**

Finish covering shooting stations on outdoor range. Construct a permanent foundation for multiple storage containers and relocate containers to foundation.

**Funding Plan:****Total Cost of Project: \$5,000***There is no other funding needed***Detailed Project Description and Justification:**

Improvements needed on the range are finishing the outdoor shooting range station covers on the 200 yard and 100 yard range. Construct a permanent foundation for the two storage containers as well as move the containers to the foundation.

These funds would allow USSA to buy construction materials for covering the 200 yrd and 100 yrd outdoor range and pour a foundation to support the covers.

These funds would also enable USSA to build a permanent foundation and relocate to the foundation two storage containers. These storage containers have been settling in their temporary location making it difficult to get equipment in and out of the containers. The permanent foundation will make working around and move equipment for up keep of the range safer.

**Project Timeline:**

Work will start this Summer and is scheduled to be completion by end of 2011.

**Entity Responsible for the Ongoing Operation and Maintenance of this Project:**

USSA
