Anchorage - Russian Jack Elementary School - Playground Equipment

State Funding Requested: \$10,000**House District: 22 / K**

One-Time Need

Brief Project Description:

Russian Jack Elementary School is seeking legislative support to purchase and install two new pieces of playground equipment for Russian Jack Elementary students.

Funding Plan:**Total Cost of Project: \$15,000***There is no other funding needed***Detailed Project Description and Justification:**

Russian Jack Elementary School is seeking legislative funds for a project that will further one our key school goals to integrate social emotional learning into our academic curriculum. Modeling and practicing cooperative interactions among students can be practiced through the day and is especially adaptive to our recess periods. The addition of added PE time is another avenue to incorporate these practices. The addition of at least one piece of playground equipment would provide a beneficial resource. In addition, this is a neighborhood playground and is used throughout the year by our neighborhood children. Our school playground is a great asset to the school community -- well-maintained and safe for children -- but lacking in equipment for its size and level of use.

Project Timeline:

Expenditures will occur for purchasing in 2010 and installation in 2011.

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

Anchorage School District Maintenance and Operations
