In the next 13 months, three federal grants that employ approximately 17 FTEs are terminating. Twelve of these positions are exclusively devoted to sexual assault or domestic violence and the remainder prosecute primarily sexual assault and domestic violence. The Department is hoping to replace these funds with other yet to be identified federal funds. Pending the identification of another funding source, the Department is requesting a \$2,307.0 fund source switch from Federal funds to General funds. This fund source switch will allow the department to continue to fund additional attorneys and paralegals in Bethel, Barrow and Anchorage to aid in the prosecution of domestic violence as well as adult and child sexual assault cases.

The \$2307.0 fund source is made up of:  
 2nd Judicial: Earmark \$90.0, and Rural Prosecution & Sexual Assault \$90.1.  
 3rd Judicial-Anchorage: Rural Prosecution & Sexual Assault \$335.6.  
 3rd Judicial-Outside Anchorage: Rural Prosecution & Sexual Assault \$454.6.  
 4th Judicial: Earmark \$285.0, and Rural Prosecution & Sexual Assault \$11.1.

The state needs to combat appalling levels of sexual assault. According to Crimes in the United States, 2006, the annual FBI compilation of crime statistics, Alaska has a rate of sexual assault of 76 per 100,000. This is over twice the national average. 48% of these sexual assaults are handled by C Detachment, Division of the Alaska State Troopers located in Bethel. In 2005, the number of reported rapes in Bethel (population 6,468) was the same as

This vacant position was previously funded from federal grants expiring over the next 13 months. The department received some one-time funding for federally initiated and referred criminal cases that were prosecuted at the state level. This one-time funding source will be used to fund the position in FY2010. We are seeking a position and funding in the FY2011 budget for an Indian Law position in Opinions, Appeals and Ethics component that would replace the one-time funds. In addition, the Department will continue to pursue other federally funded grants to continue efforts spelled out under these programs and expect the position to shift back to prosecuting sexual assault crimes in FY2011.

In the next 13 months, three federal grants that employ approximately 17 FTEs are terminating. Twelve of these positions are exclusively devoted to sexual assault or domestic violence and the remainder prosecute primarily sexual assault and domestic violence. The Department is hoping to replace these funds with other yet to be identified federal funds. Pending the identification of another funding source, the Department is requesting a \$2,307.0 fund source switch from Federal funds to General funds. This fund source switch will allow the department to continue to fund additional attorneys and paralegals in Bethel, Barrow and Anchorage to aid in the prosecution of domestic violence as well as adult and child sexual assault cases.

The \$2307.0 fund source is made up of:

The one Assistant Attorney General now located in Kenai currently carries a caseload of 170 children. In addition there are up to 40 children's cases in Homer that would logically be serviced out of Kenai, but are now handled out of Anchorage as a stopgap measure to alleviate the heavy caseload in Kenai. Federal guidelines suggest a caseload of no more than 100 per attorney. With the addition of a second attorney in Kenai to relieve the overload and take up the Homer cases, the Department can serve the citizens of that area better and more cost effectively.

The Department of Law anticipates legal work involving issues under the Endangered Species Act (ESA) to significantly increase over the next three years. The most cost effective way to respond to this need is to obtain an additional Assistant Attorney General												
We have challenged the listing of the Polar Bear as a threatened species, and are reviewing the Beluga listing and we anticipate a large influx in ESA cases since many species may be listed in the near future. Endangered species listings can have severe impacts on the economy of the area where they are found.

<b>Pending Litigation, 2006 Prudhoe Bay Pipeline spills and production shutdown</b>

Please note that the BP Corrosion increment is treated as a one-time increment. The FY2010 increment that is backed out of the FY2011 base is \$3,500.0.												
Law (DOL) requests an appropriation for FY2011 in the amount of \$4.0 million to continue the pending litigation seeking penalties and lost revenues for the 2006 Prudhoe Bay pipeline spills and production shutdowns. The State filed its complaint in Superior Court on March 31, 2009, seeking recovery of lost revenues for 2006-08 due to curtailments of oil production stemming from BPXA's negligent corrosion practices. The case is being hotly contested.												
FY2011 is a critical year for the litigation. The jury trial is scheduled for September 2011. The bulk of the discovery and post discovery pre-trial work will occur in FY2011 under the Pretrial Order entered by Judge Michalski in August. For the discovery phase, this means offensive and defensive discovery; discovery and dispositive motion practice; third party discovery; depositions (BPXA estimates over a hundred depositions will be required); and expert work, expert reports and expert depositions. The post discovery pre-trial phase will include dispositive motion practice, motions in limine, trial preparation, witness testimony preparation, exhibits, demonstrative exhibits, and designation of deposition testimony.												
This is an electronic document intensive case. Pursuant to the original investigative subpoenas, we have received over 2 million pages of electronic documents and project receiving another 2 million pages or more through discovery of BPXA and its working interest owners. Anticipating contentious discovery disputes over claims of business confidential information, the parties have agreed to the appointment of a discovery master and a protective order has been put in place. From the defensive side, we have collected over 175,000 pages of documents from state employees which require privilege review. The case also requires a number of experts to address pipeline corrosion, oil field management, oil production mechanisms, reservoir issues, and economic loss calculations.
