On August 28, 2009 the ADOT/PF Maintenance Foreman at our Skagway Station alerted us of erosion problems occurring along our Dyea Road adjacent to Taiya River. There are reported to be about 30 residents living beyond the erosion area. The roadway in this area is very narrow with a rock wall on one side and the Taiya River on the other. The area has been repaired several times over the years. The erosion caused several areas of the roadway to become very narrow and a major safety issue to the traveling public. Temporary barricades and notices were installed.
