Project Description/Justification:

The Federal Aviation Administration (FAA) is requiring all Part 139 certificated airports to have Runway Safety Area (RSA) projects to address RSA deficiencies by 2015. The Cold Bay RSA project had been wrapped into a larger Cold Bay airport improvement project but was recently split out to reflect the RSA and paving portion as the first stage, and other improvements to the airport as the second stage.

The Operating and Maintenance costs are anticipated to increase by approximately \$5,000 per year beginning in FY2012.
