Project Description

Principal's Priority 1

The school currently only owns used books through donation. They are requesting funds to purchase books and media items to open a new library.

Benefits if Project is Funded

A library will put books in the hands of students who are low-income and have often come in from village with no access to libraries. It provides a place for exploration, research, and dreaming while improving academics. If we are not funded, our library will remain a very small collection of donated used books.
