Corporate (AHFC) funds to address repairs, deferred maintenance, and make improvements to AHFC-owned properties throughout the state. This project will allow AHFC to keep pace with the deterioration of existing components of the rental properties such as roofs, sidewalks, and common areas. It will enhance operations, allow quick response to ordinance and code changes. The primary function of this project is to address those major or extraordinary work items identified annually through the Physical Needs Assessments (PNA) by the public housing maintenance staff and asset supervisors.

**Additional Information / Prior Funding History:**

FY2011 \$2,000,000 AHFC Div; FY2010 \$2,000,000 AHFC Div; FY2009 \$2,500,000 AHFC Div; FY2008 \$2,000,000 AHFC Div; FY2007 \$2,000,000 AHFC Div; FY2006 \$150,000 AHFC Div.

**Project Description/Justification:**

The purpose of this project is to provide funding to address known and unknown conditions in AHFC's housing stock.

The projected outcomes are advancements in:

- Providing funding for emergency repairs, i.e., roof replacements, fire alarm systems, etc.;
- Allowing quick response to code changes and life safety issues;
- Providing amenities not programmed;
- Allowing quick response to unforeseen conditions; and
- Enhancing "Operations" for individual Asset Management Projects (AMPs).

such as roofs, sidewalks, and common areas. It will enhance Operations, allow quick response to ordinance, and code changes. The primary function of this project is to address those major or extraordinary work items identified annually through the PNA by the public housing maintenance staff and Asset Supervisors.

Statewide Project Improvements is an on-going yearly request to address items identified annually by Physical Needs Assessments (PNA's) that make AHFC properties safer and more convenient for AHFC residents. The PNA's are updated annually and prioritized for each Asset Management Project (AMP) and statewide to determine the most efficient and cost effective use of the funds. A prorated portion of the fund is also allocated to each AMP to address site specific needs to be addressed by the Asset Supervisor and Maintenance Lead as contract work or in-house repairs and upgrades.

This funding has been used to respond quickly to fire or flood damage where the cost of repairs is under the Corporation's insurance deductible. Projected future uses also include sidewalk replacement, installation of storage sheds, increased parking lot lighting, and repairs identified by routine HUD-sponsored REAC inspections of the public housing units and sites.

The routine maintenance funding received from the federal government is not keeping pace with the deterioration from aging and use; consequently, the maintenance costs continue to escalate. It is important that AHFC have the funding to maintain the units in a safe and rentable condition, thus avoiding future deferred maintenance.

Funding this request will result in the enhancement of AHFC rental units throughout the state; increasing their rent ability and lowering their maintenance costs.
