The Honorable Sean Parnell  
Governor of Alaska  
State Capital  
Juneau, AK 99801

Dear Governor Parnell:

As President of the Campbell Elementary PTA I am writing to ask that you support the following capital budget grants for Campbell Elementary School:

- Campbell Elementary School Touch Technology Lab - \$18,250
- Campbell Elementary School Library Materials - \$10,000

These modest requests will provide significant educational returns for the money and help keep our children interested in learning both in the classroom and outside of school.

The Touch Technology Mobile Lab will allow students greater access to a wide variety of online instructional tools which will help keep them engaged in learning and make sure they are prepared to utilize new technologies of the future.

Funding for the library materials will give children greater in-school and after-school access to a wide variety of high-interest books that will encourage their learning in science, social studies and other topics essential for educational success.

I thank you for your strong support of education throughout your career of public service and ask that you allow these funds to remain in the budget as a prudent investment in our children's future.

Sincerely,
