**Appropriation:** Airport Improvement Program

**Brief Summary and Statement of Need:**

This amendment to the FY2013 Governor's budget deletes the \$3 million of authorization for this project. Authorization was added to the FY2012 supplemental budget in order to get the project out to bid and take advantage of the 2012 summer construction season. This project will construct a runway safety area, runway extension, airport lighting and drainage improvements, other minor repairs, and address poor pavement conditions at the Unalaska Airport.

**Project Description/Justification:**

The Federal Aviation mandates that Runway Safety Areas at all certificated airports be improved by 2015. The Unalaska Airport is an important certificated airport with over 20,000 annual operations. This project will address the longitudinal runway safety area at the airport, as well as the runway pavement condition. The current Pavement Condition Index (PCI) for the Unalaska runway is between 10 and 24, well within the reconstruct range.

This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.
