Prior Funding History / Additional Information:
Sec1 Ch17 SLA2012 P138 L22 SB160 $910,000

Project Description/Justification:
The current SREB is more than 20 years old and has outlived its useable service life. The foundation is failing due to uneven settling. The building’s insulation has deteriorated resulting in increased heating costs. A new building is needed to protect the snow removal equipment fleet from the elements and to provide a safe and cost effective environment for maintaining the vehicles.
