Prior Funding History / Additional Information:
Sec1 Ch5 SLA2011 P112 L24 SB46 $3,500,000
Sec13 Ch29 SLA2008 P169 L28 SB221 $6,000,000

Existing authorization will be combined with current request to fully fund the project.

Project Description/Justification:
East End Road extends east of the City of Homer as a two-lane paved facility with no shoulders or curb up to MP 9.7, constructed over rolling terrain, from MP 9.7 the original four-foot shoulders have deteriorated to 2’ or less. Fill slopes are steep and are eroding at some culverts, threatening to undermine the pavement. Pipes and ditches are in need of repair, replacement and cleaning. Pothole patching and pipe cleaning maintenance efforts and costs are increasing. Accident analysis shows several locations require improvements to horizontal and vertical curvature, and the need for sight distance improvements.
