

Alaska Air Carriers Association, Inc. - Medallion Foundation

FY2015 Request: \$250,000
Reference No: 45816

AP/AL: Appropriation

Project Type: Information Technology / Systems / Communication

Category: Public Protection

Recipient: Alaska Air Carriers Association, Inc.

Location: Statewide

House District: Statewide (HD 1-40)

Impact House District: Statewide (HD 1-40)

Contact: Jeanne Mungle

Estimated Project Dates: 07/01/2014 - 06/30/2019

Contact Phone: (907)465-2506

Brief Summary and Statement of Need:

The mission of the Medallion Foundation is to reduce aviation accidents in Alaska by fostering a new safety culture and by promoting higher safety standards through training, research, education, auditing and advocacy. This project will provide state support to the Medallion Foundation as they transition their business model to a more fee based structure.

Project Description/Justification:

The Medallion Foundation provides critical training, education, and advocacy courses to promote aviation safety for pilots across the state. The foundation provides training access to Aviation Training Devices (ATD's) to allow pilots the opportunity to practice recognition and avoidance of the causes of accidents in all extreme weather conditions, as well as a multitude of other flight simulator training options that are available at locations around the state. Additionally, they also provide education and advocacy courses for commercial and private aviation stakeholders to work together to develop and implement aviation safety strategies aimed at reducing aviation accidents in Alaska.

For the past decade, a total of \$17 million from the federal government has funded the Medallion Foundation. Federal delegates indicate that the state provide matching funding for continuation of the program.

Medallion Foundation participants transport 90.3 percent of the passengers enplaned in Alaska by carriers operating in Alaska. Those same participants carry 95 percent of the cargo and mail

transported within Alaska. Participants in the safety program serve 100 percent of the communities in Alaska. The voluntary participation results in a higher level of air safety for all of Alaska's communities and for residents that fly on these carriers.

Since formed in 2001, the Medallion Foundation has contributed significantly to the reduction in aviation mishaps. More than 100 air carriers and 800 general aviation operators have actively participated in Medallion Foundation programs. Commercial aviation accidents have been reduced by 39 percent.
