FY2016 Governor Amended Operating  
Budget**

**Department of Health and Social Services  
Subsidized Adoptions & Guardianship  
Component Budget Summary**

**Component: Subsidized Adoptions & Guardianship**

**Contribution to Department's Mission**

Facilitates permanent placements through adoptive or guardianship homes for the increasing number of children in state custody for whom special needs make them hard to place. Adoption is viewed as the most permanent placement for a child and is therefore the preferable option.

Guardianships are considered for children who cannot be considered for adoption, but for whom a reasonably permanent home can be provided through guardianship. This is often the best choice for children who cannot live with their parents, but continue to maintain an important emotional tie with their families that should not be severed.

**Core Services**

- Facilitate permanency through recruitment of homes for children who need permanent homes; home studies on potential adoptive and guardianship families; pre-adoption services for the child and family; and post-adoption services after the final adoption or guardianship court hearing.
- Provide for permanent homes to children that are in the custody of the state and who are unlikely to be adopted without a subsidy.

**Major Component Accomplishments in 2014**

The Office of Children's Services has continued to experience success in finding homes for children as they are simultaneously presented in the Alaska Adoption Exchange, the Northwest Adoptions Exchange, and AdoptUSKids. As of June 2011, there were 2,746 continuing adoptions and guardianships and 313 new adoptions and guardianships. At the end of June 2012 this number has increased to 2,850 continuing adoptions and guardianships, which includes 357 new adoptions and guardianships. As of June 2013, there were 2,971 continuing adoptions and guardianships, which include 336 new adoptions and guardianships.

**Key Component Challenges**

When children leave foster care, their special needs are reassessed to determine whether they will need continuing assistance through the Subsidized Adoption & Guardianship program. Approximately 95% of children exiting custody, through adoption or legal guardianship, have special needs and will continue to receive state benefits through the subsidy programs.

Children that have been removed from situations of maltreatment and that have experienced physical, mental, or emotional disturbances continue to struggle even after being removed from their home. The Office of Children's Services has recognized for some time that the level of disturbance and complexity of problems for children in custody is increasing. These factors make it difficult to find permanent adoptive or guardianship homes without providing a subsidy. It is preferable and more cost-effective for the state to provide a means for children to be given a permanent home with a state-funded subsidy than for the state to continue being solely financially responsible for the child. The adoption or guardianship subsidy covers the costs of the child's special needs and is available to the family until the child reaches age 18.

**Significant Changes in Results to be Delivered in FY2016**

In FY2015, the subsidy program will support adoption and guardianship families by helping to defray the costs of care, and meeting the child's ongoing special needs. There has been an upward trend in the number of continuing and on-going subsidies.
