FY2016 Governor Amended Operating
Budget**

**Department of Health and Social Services
Foster Care Special Need
Component Budget Summary**

Component: Foster Care Special Need

Contribution to Department's Mission

Provide funding to meet special and/or occasional needs of children in state custody, as mandated by statute. This financial support enhances the State's preventative service delivery system by fulfilling many fiduciary obligations for children and families that fall outside of monthly reimbursed rates.

Core Services

- • Reimburses foster care providers for pre-approved, allowable expenditures that are not covered by the Foster Care Base Rate and that have been assessed on an as-needed basis.

Major Component Accomplishments in 2014

Foster Care Special Needs funds cover a large spectrum of costs such as a prom dress for a young woman attending the high school dance, to damages occurring to the foster parents' property by a child with special needs. Purchases made with Foster Care Special Needs funds alleviate the financial burden of raising a child for foster families and relative families willing to provide for children in custody. In FY2014 more than 17,363 requests for additional funds were authorized and processed. This is up from 14,000 requests in the previous year. A portion of this increase was a result of Special Needs purchases for resident facilities.

Key Component Challenges

It is a continuing challenge to keep pace with increased needs and increased costs for the varying needs of children and families. Federal requirements for visitation between children in custody and family members must be adhered to, increasing travel costs particularly in the rural areas of the state. Child care costs continue to rise, requiring working foster families to pay any co-pays or costs above the \$700.00 monthly limit, and it is difficult to find licensed child care in rural Alaska. The Office of Children's Services must pay for medical expenses not covered under Medicaid. As Medicaid budget constraints require restrictions, Office of Children's Services foster care special needs costs increase.

The Office of Children's Services does not anticipate an easy solution as these foster families are prone to the same economic factors as every other family in Alaska. The current focus for Child Protective Services is to keep children safely in their homes, and when that is not possible, to reunite children with their families as soon as possible. This has placed increased pressure on the Foster Care Special Needs budget.

Significant Changes in Results to be Delivered in FY2016

Based on the 2012 foster care rate study, it was determined that the Office of Children's Services is adequately meeting the financial costs of children's special needs in this component. No significant changes are expected in FY2016 in this area.
