

Ted Stevens Anchorage International Airport - Environmental Projects

FY2016 Request: \$106,090
Reference No: 49099

AP/AL: Allocation
Category: Transportation
Location: Anchorage Areawide

Project Type: Construction
House District: Anchorage Areawide (HD 12-28)

Impact House District: Anchorage Areawide (HD 12-28)

Contact: Jeff Ottesen

Estimated Project Dates: 07/01/2015 - 06/30/2020

Contact Phone: (907)465-4070

Appropriation: Airport Improvement Program

Brief Summary and Statement of Need:

This project ensures Anchorage International Airport (ANC) maintains compliance with all local, state, and federal laws.

- Sec1 Ch16 SLA2013 P85 L19 SB18 \$100,000
- Sec1 Ch5 SLA2011 P106 L16 SB46 \$1,000,000
- Sec7 Ch43 SLA2010 P42 L5 SB230 \$500,000

Project Description/Justification:

This environmental compliance project would cover projects such as contaminated sites needing remediation, installing treatment and mitigation measures for storm water, monitoring of storm water from the Airport and prevention of deicing fluids from entering the storm water system, maintaining spill prevention and response equipment for tanks, assist tenants as required on environmental issues, upgrade and maintain Underground Storage Tanks (UST) as they relate to environmental requirements, air quality monitoring and mitigation to comply with state and federal Clean Air Act requirements, hazardous waste monitoring and compliance, and necessary specialized environmental consulting and construction services to meet the changing and updated environmental laws.

The Anchorage International Airport is required to maintain compliance with all applicable environmental laws like any other industrial facility. Failure to maintain or come into compliance in a timely manner can result in fines and interruptions in normal airport operations.

**Ted Stevens Anchorage International Airport -
Environmental Projects**

**FY2016 Request: \$106,090
Reference No: 49099**

The Environmental Protection Agency (EPA) is constantly upgrading and refining regulations that have an impact on the airport. If environmental compliance is not taken into consideration, the Anchorage International Airport and its tenants could face fines and imprisonment. Non-compliance will delay or stop projects and impede normal airport operations.
