

MH: AHFC Homeless Assistance Program

FY2020 Request: \$950,000
Reference No: 45390

AP/AL: Appropriation

Project Type: Economic Assistance

Category: Health/Human Services

Location: Statewide

House District: Statewide (HD 1-40)

Impact House District: Statewide (HD 1-40)

Contact: James Wiedle

Estimated Project Dates: 07/01/2019 - 06/30/2024

Contact Phone: (907)330-8359

Brief Summary and Statement of Need:

Funding will be used to provide grants to local communities/agencies to help develop support programs designed to reduce homelessness, provide services that prevent housing displacement and assist the homeless to transition back to permanent housing. Other Alaska Housing Finance Corporation (AHFC) programs may be leveraged with these funds when appropriate. All Homeless Assistance Program funds will be combined and administered as one program by AHFC.

Project Description/Justification:

The purpose of this authorization is to support programs that address homelessness by providing assistance to families in imminent danger of becoming homeless or those who are currently homeless. Funding will be used to provide grants to local communities/agencies to help develop

support programs designed to reduce homelessness, provide services that prevent housing displacement and assist the homeless to transition back to permanent housing. Other Alaska Housing Finance Corporation (AHFC) programs may be leveraged with these funds when appropriate. All Homeless Assistance Program funds will be combined and administered as one program by AHFC.

Program Description:

Established in 1993, this program enables thousands of homeless and/or near homeless families to obtain or retain safe and sanitary shelter each year. Demand for this program has increased steadily over the last five years as annual requests for the prevention and operating components have exceeded \$8 million per year.

This program has taken on the role of a housing trust and is the coordinated funding source for homeless prevention activities in Alaska. There are four main funding sources, AHFC, MHTAAR, GF/MH, GF, and other federal or private resources. In FY2016, the award of \$6 million in state funds for 26 projects; approximately 12,000 Alaskans benefited from the program;

This project is supported by the 2009 “10-year Plan to Reduce Homelessness in Alaska” which identifies the activities and cost of reducing homelessness in Alaska over 10 years.

The Homeless Assistance Program (HAP) provides grants to assist nonprofit organizations, local governments, and regional housing authorities in addressing the emergency needs of homeless and near-homeless Alaskans. During previous competitive rounds, the total amount of Homeless Assistance Program (HAP) grant requests received by AHFC exceeded \$8 million. In response to limited funding, AHFC has limited the amount that can be requested by each renewal applicant. This program has become increasingly important as funds for grants such as homeless assistance from municipal grants and Federal Emergency Housing Assistance continues to shrink.

The most recent grantees have utilized HAP funds to expand shelter facilities, develop supportive transitional housing, provide case management, and rental assistance services and develop supportive housing for mental health trust beneficiaries and the homeless. All funds will be combined and administered as one program by AHFC. A portion of these funds will be used to support the planning, operation and coordination efforts of the Alaska Coalition on Housing and Homelessness and the operation of the statewide information and referral system 211.

Inadequate funding will increase the number of homeless families in Alaska and force existing shelters to either exceed capacity or turn away clients. Families in areas where no shelter exists will be forced to live in substandard and/or overcrowded conditions, known to foster higher degrees of domestic violence and substance abuse. Low-wage earning households experiencing a family crisis will also have to contend with the likelihood of homelessness if emergency rental assistance is not available. In some cases, the homeless will cycle into the correctional or mental health system due to lack of adequate housing.

These funds have helped reduce the number of homeless veterans in Alaska, and bring the total number of chronic homeless down. In addition, the number of people who were unsheltered and staying in vehicles or camping has also decreased since the implementation of the state 10 year plan.

The projected outcomes are to:

- Prevent near-homeless individuals and families from becoming homeless; and/or
- Provide homeless individuals and families assistance to obtain safe, sanitary shelter.
